

Grand Rapids Trails

Promoting Active Living

Get Out, Get Moving, Get Fit!

Enjoy over 50 miles of walking, hiking and biking trails, 43 miles of walkable sidewalks and 8 miles of groomed cross-country ski trails that provide a safe connected system for non-motorized transportation, great exercise and plenty of fresh air - of course, "It's in Minnesota's Nature". And if you want to explore the Iron Range and other parts of Northeastern Minnesota, Grand Rapids is the gateway to the Mesabi Trail System where you can discover even more of Minnesota's great outdoors.
